Do you have someplace to go?

The Greene County Transportation Program transports eligible riders to and from destinations in and around the Greene County area. The program is available to anyone that lives in the Greene County area.

Greene County Transportation Program is a Shared Ride Program that means you will likely be riding with other consumers and other consumers may be picked up and dropped off before you reach your destination. In most instances, no one rides for more than an hour, but the trip may take longer due to other passengers.

We provide Door-to-Door services for any consumers that request assistance. You may receive assistance between the door of your pick-up and the door of your destination. Drivers are not permitted to enter your residence to assist for any reason.

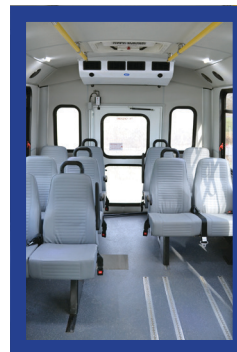

There are a number of ways to qualify for the Greene County Transportation Program. Inside are brief descriptions of each of the programs under which an individual may be eligible.

Funding for the Greene County Transportation Program is provided by the PA Department of Aging, the PA Department of Human Services, the Shared Ride Program of the PA Department of Transportation and the Greene County Board of Commissioners.
