2011 FOREIGN ANIMAL DISEASE ALERT FOR EXHIBITORS AT PENNSYLVANIA FAIRS

As a result of heightened awareness of security in the United States, foreign animal disease (FAD) surveillance is being increased nationwide. We encourage each of you to be particularly aware of any indication that could signal the occurrence of a highly contagious disease or any other unusual or unexplained adverse animal health event. No potential cases of foreign animal disease should be ignored.

Potential hoaxes should be treated as real threats until proven otherwise. Special attention should be directed at farms and other areas where there are large number of livestock and poultry.

Be particularly alert to these five signs:

1. Sudden, unexplained death loss in the herd or flock
2. Severe illness affecting a high percentage of the animals
3. Blistering around an animal's mouth, nose, teats or hooves
4. Unusual ticks or maggots
5. Staggering, falling or central nervous system disorders.

If you see something unusual, alert the Fair Superintendent or fair office.

BIOSECURITY CHECKLIST FOR LIVESTOCK EXHIBITORS

- No visitors from a country that has animals infected with Foot and Mouth Disease have visited my farm within the previous 30 days.
- Veterinary health inspections and health certificates are current for all of the animals I will be taking to the fair.
- All equipment, such as buckets, pitchforks, shovels, rakes, wheelbarrows, manure baskets, lead ropes, halters, nose rings, snares, clippers, scissors, brushes, etc., has been cleaned and disinfected before entering the fairgrounds. (A solution of household bleach in water is recommended for disinfection purposes: add 2 gallons of bleach to 3 gallons of water for disinfecting equipment).
- No Pets except 4-H Leader Dogs!
- I have received a list of the recommended biosecurity precautions that I should follow after returning to the farm with the animals that were taken to the fair.
- Any livestock showing signs of illness, including signs that suggest infection with Foot and Mouth Disease, will be reported immediately to the Livestock Superintendent of the fair.
- Any questions about disease and biosecurity measures can be directed to the regional veterinarian or animal health inspector, who will be visiting the fairgrounds for daily inspections.

2011 GREENE COUNTY FAIR CODE OF SHOW RING ETHICS

THE GREENE COUNTY FAIR has developed a Code of Show Ring Ethics to curtail unethical, deceptive and fraudulent show ring practices. The Code is as follows:

Exhibitors of animals at the Greene County Fair shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to 4-H as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at the livestock show.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and may be prohibited from future exhibition in accordance with the rules adopted by the Greene County Fair. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of GUIDELINES for all exhibitors and all livestock in competitive events:

1. All exhibitors must present, upon request of show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age or any fact relating thereto is prohibited.
2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by show officials.
3. All exhibitors are expected to care for and groom their animals while at the show.
4. Animals shall be presented to show events where they will enter the food chain free of violative drug residues. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with acceptable federal and state statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal and state statutes, regulations and rules affect the animal's performance or appearance at the event.

If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the approved laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.

At any time after an animal arrives on the Greene County Fair premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

5. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, conformation, or appearance, except external applications of substances to the hooves or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
6. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
7. Direct interference with the judge, show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.
8. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either affirmative action or inaction to violate this code of ethics.
9. The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.
10. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the Greene County Fair for violation of this Code of Show Ring Ethics. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the Greene County Fair may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including fairs and expositions and any special notices to members.
11. The act of entering any animal in the show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that her or she has read the Code of Show Ring Ethics and understands the consequences and penalties provided for actions prohibited by this code. It is further a consent that any action which contravenes these rules and is also in violation of federal and state statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

Class 7-A "SPECIAL JUDGING EVENT" – "Blue Ribbon Apple Pie Contest"

**BLUE RIBBON APPLE PIE CONTEST
INSTRUCTIONS TO BE USED BY FAIRS AT THEIR 2011 EVENT**

Each county/local fair is encouraged to conduct a 24th Annual Blue Ribbon Apple Pie Contest at their 2011 event. Listed below are the criteria which we would like each fair to use in their contest. The certified first place winner from each fair will then have the opportunity to enter an apple pie in the BLUE RIBBON APPLE PIE CONTEST at the 2012 PENNSYLVANIA STATE FARM SHOW.

1. Each pie should be judged on the following basis: Overall Appearance 15 points, Crust: color, flavor, texture, doneness, 20 points, Flavor: 30 points, Filling: consistency, doneness, moistness and flavor, 25 points, Creativity: 10 points. Creativity is essential to a varied competition. Do not limit your contest to a "traditional" two-crust apple pie. We are looking for a variety of fillings in the pies; the pie must include at least 60% apples in the filling.
 2. A neatly handwritten or typed recipe for the pie and pie crust must be submitted on a standard 8 1/2 by 11 sheet of paper. Please use one side only. This recipe will also need to be submitted when entering at the Farm Show.
 3. Refrigeration is not available at the Fair or PA Farm Show. Entries that require refrigeration after baking must indicate so in the recipe. Those entries will not be sold, auctioned or otherwise distributed for consumption after the judging for food safety reasons.
 4. Each fair will certify the winning apple pie baker and this person will be eligible to enter the state competition at the 2012 Farm Show.
- NOTE: If an individual has already won 1st place at another fair in 2011 for this Blue Ribbon Apple Pie contest, that individual is now considered qualified through that Fair to compete at the 2012 PA Farm Show and is no longer eligible to enter this contest at any upcoming Fairs. Premiums for the 2012 PA FARM SHOW competition will be as followed:

First Place \$500.00	Fourth Place \$ Ribbon
Second Place \$250.00	Fifth Place \$ Ribbon
