## **Franklin Township Supervisors Award Contracts for Summer Work**

WAYNESBURG — Franklin Township Supervisors awarded contracts Monday, May 23, for stone and other materials for summer road work.

The supervisors awarded contracts for bituminous "super pave" asphalt and for various sizes of stone to the lowest bidders.

The asphalt contract was awarded to Golden Eagle; and the stone bids were split between Laurel Aggregate and Coal Springs Stone to take advantage of the lowest bid price.

The supervisors tabled action on seal coat until they could check the company that presented the lowest bid, Suit Kote, a new company in the area with which the supervisors are unfamiliar.
