a. Proposal for Hickory Lane Survey – Wind Ridge Engineering

In anticipation of submitting an application for a Dirt, Gravel and Low Volume Road Maintenance Grant in order to raise the height of Hickory Lane to minimize flooding of the roadway, Wind Ridge Engineering was asked to submit a proposal for the necessary survey work.

Recommended Action

Consider a motion to acknowledge the receipt of and approve the proposal as submitted by Wind Ridge Engineering for a Topography Survey and Grading Plan for Hickory Lane, at a fee of \$3,500 to be paid from the Impact Fee fund. The survey information will be used in the pursuant of a Dirt, Gravel and Low Road Volume Grant administered through the Greene County Conservation District.
