The Election Board meeting from October 18, 2018 was reconvened at 10:09 AM on December 12, 2018 by a motion made by Commissioner Dave Coder and seconded by Commissioner Archie Trader. Old Business:

Director Kiger stated that the voter turnout for the General Election held November 6, 2018 was a total of 12,633 voters or 57.83% of those registered. She also said there were a few minor machine issues. Commissioner Zimmerman asked Director Kiger what the comparison of voter turnout was compared to the Presidential Election. Director Kiger stated she would have to look into that and get back to him. Director Kiger asked the Board to approve the Certification, a motion was made by Commissioner Dave Coder and seconded by Commissioner Archie Trader.

Commissioner Zimmerman went over the process for getting new voting machines and where we stand at this time. Only two machines are certified at this time, Unisyn and ES&S. The Commissioners are keeping in contact with CCAP and the DOS.
