

The first three weeks of the course will be the basic principals needed to begin fly tying. Placing the thread on the hook, adding basic body parts of the fly, adding the hackle and tying off the fly.

The second three weeks will be more advanced fly tying with streamers, nymphs and wet flies.

The final three weeks will consist of dry flies, wet flies and copies of insects found in the streams.

The sight of a fish rising to a fly is the reward for which a fly fisherman lives. When the fly is one of their own creations, the reward is that much sweeter.

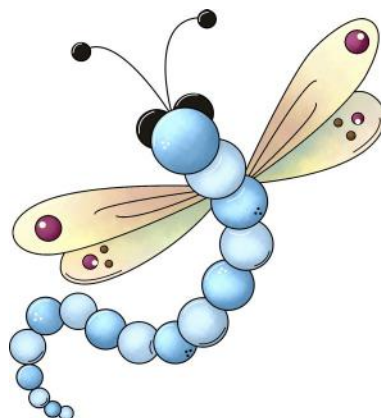

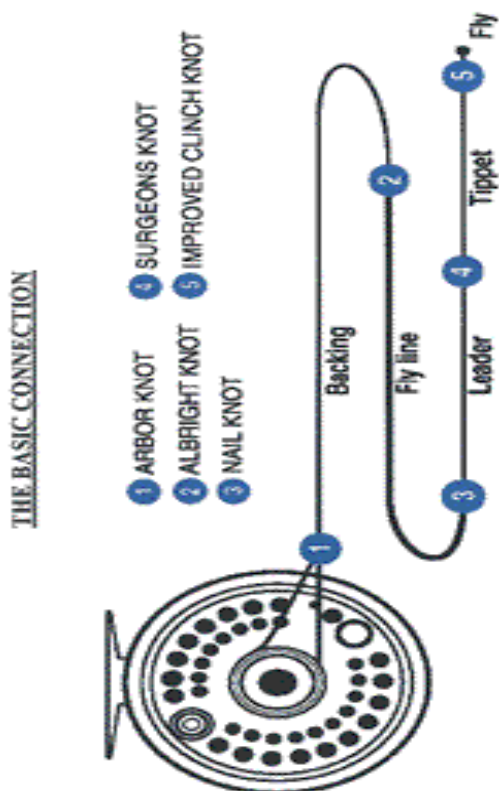

January 21, 28 and February 4
Beginning Fly Tying

February 11, 18, and 25
Intermediate

March 3, 10, and 17 Advanced

Class size is limited so get your registration in early.
